Anurag Satyanarayan Komrewar Software Developer

📞 +91-9834323599 | 💼 [Linkedin](#) | 🐙 [Github](#) | Ⓗ [Hackerrank](#) | ✉ askomrewar@gmail.com

SKILLS

- **Programming Languages** : Java, JavaScript, HTML/CSS
- **Libraries and Frameworks** : Spring Boot, Spring Data JPA, React, Redux
- **Tools** : JUnit, Git
- **Other Skills** : MySQL, MongoDB, Data Structures and Algorithms, Low Level Design

EXPERIENCE

Software Development Engineer (Backend)   May 2024 - Present

ThoughtFocus

Payfacto Payment Gateway

- Developed and deployed robust APIs for key operations like purchases, refunds, account verification, and more, ensuring seamless functionality.
- Implemented credit card masking logic to protect sensitive data, enhancing PCI-DSS compliance and reducing logging risks by 100%.
- Integrated credit card masking across 10+ applications and microservices, sanitizing logs in real-time to ensure secure data handling.
- Provided backend support, contributing to 99.9% system uptime by quickly identifying and resolving critical issues.
- **Tech stack: Java, Spring boot, REST API, JUnit, log4j, PostgreSQL, git.**

Full -Stack Developer   Jul 2021 - Mar 2024

Cognizant

Novartis Pharma B2B

- Developed required microservices like Product Service, User service, Payment Service.
- Optimized API response time from ~120 ms to 8 ms by caching API responses using Redis.
- Integrated external APIs for expanded product functionality within the application.
- Implemented comprehensive JUnit test suites to ensure robustness and reliability of application functionalities.
- **Tech Stack** : **Java, Spring boot, Hibernate, REST, JUnit.**

Sustainability Dashboard for TD Bank

- Developed real-time sustainability dashboard using React/Redux, Javascript, HTML/CSS.
- Implemented interactive data visualization features to provide insights into environmental aspects.
- Enhanced data accessibility by 15% through the creation of user-friendly dashboards and intuitive navigation.
- **Tech Stack : React.js, Redux, JavaScript, HTML/CSS**

PROJECTS

Interactive Blogging System

🔗 https://github.com/AnuragKomrewar/BlogApp

- Developed a full-stack blog application using MERN stack andMaterial UI, enabling post creation, editing, and commenting.
- Implemented JWT authentication for secure user registration,login, and authorization.
- Implemented category filtering, improving content discoverability by 25% .
- **Tech Stack : React.js, Node.js, MongoDB, Express.js**

Chat Web Application

🔗 https://chat-aaef6.web.app/

- Developed a real-time messaging web application using React.js, Node.js and Firebase.
- Integrated Firebase services for real-time data synchronization and secure user authentication.
- Implemented real-time image sharing and intuitive user search functionality, resulting in a 15% improvement in user navigation and connection.
- **Tech Stack: React.js, Node.js, Firebase, HTML/CSS**

ACHIEVEMENTS

- Received appreciation for delivering work on time with 100% accuracy.
- Received Governor's award (state-level).
- Ranked 1st out of 112+ participants in a Scaler programming contest.

EDUCATION

Scaler   2024

Specialized in Software Development & Problem Solving

Shri Guru Gobind Singhji Institute Of Engineering Technology Nanded   2021

BE/B.Tech/BS │ 7.56 CGPA
